

WHEN I WORSHIP YOU

INTRO

VERS When I sing my praise to you, I am lifted up to higher ground,
something happens in my soul, when I lift my voice to worship you.
Feels like sunshine on my face, a pour breeze in the desert place.

REFRAIN When I worship you, heaven comes to me, heaven comes to me.
When I worship you, heaven comes to me, heaven comes to me.

ZWISCHENSPIEL

VERS Heaven is where I belong, were the angels sit before your throne,
I am caught up in their sound, when I lift my voice to worship you.
From beyond where eyes can see, love is puring over me.

REFRAIN When I worship you, heaven comes to me, heaven comes to me.
When I worship you, heaven comes to me, heaven comes to me.

REFRAIN Love is pouring over me, love is pouring over me,
love is pouring over me, your love is pouring over me.

REFRAIN When I worship you, heaven comes to me, heaven comes to me.
When I worship you, heaven comes to me, heaven comes to me.

REFRAIN When I worship you, heaven comes to me, heaven comes to me.
When I worship you, heaven comes to me, heaven comes to me.

REFRAIN When I worship you, heaven comes to me, heaven comes to me.
When I worship you, heaven comes to me, heaven comes to me.

VERS When I sing my praise to you, I am lifted up to higher ground,
something happens in my soul, when I lift my voice to worship you.
when I lift my voice to worship you,
when I lift my voice to (Uh) worship you.
